001	One of a kind working scale model of the "California Monorail Car" together with a copy of the 1908 incorporation papers of the company and a printing block used to illustrate their literature. This particular system was intended to cross the San Francisco-Oakland bay as SF was re-building after the earthquake. The company folded when sales of stock failed to raise adequate capital. 24" car of painted wood (orange, yellow, black, red, brown), top lifts off to expose interior mechanism of brass and iron. Passenger seats inside, together with stairway connecting the two sides of car. Four large wheels on rocker arms ride on the rail. Horizontal wheels on underside to roll along lower rail and stabilize sideways motion. 45" base (partly shown in catalog photo) has brass rails on painted wood platform. Excellent condition. Unique piece of California or transportation history. 5750.	005	(continued) Right and submit to Nothing that is Wrong ... Land of the Free ... Home of the Brave". Reverse side of back with large floral bouquet and needlework inscription "Presented to Genl William H. Harrison March 4th 1841 by A S Brown". Generally nice condition. AN OPEN LETTER

ALBANY, N.Y., Dec. 10.—(AP)—The following letter was received from J. P. Morgan & Company, New York City, dated Dec. 10, 1935:

SIR:—We have the honor to acknowledge the receipt of your letter of the 10th inst. regarding the release of Alvin Karpis, one of the subjects of the recent trial at Chicago, Illinois, and the fund collected for the "unknown hero" of the war.

We are sorry that we cannot comply with your request, but we are bound by the laws of the United States, which prohibit the release of any person who has been convicted of a crime.

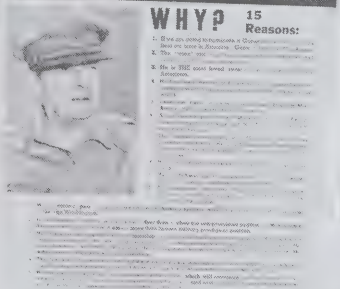

We are, however, glad to hear that you have collected a fund for the "unknown hero" of the war, and we are sure that this fund will be of great help to the family of the hero.

We are, Sir, very respectfully,
